# INSTALLATION

## CABLE/ PIPE CLIPS WITH SCREW

tillex®

Plastmaterial: High impact elastic polypropylene – halogen free and UV-stabilized.
Screw: Strong concrete screw, **Corrosion Class C4,** slots **PH2 & T20**
Can be installed both indoors and outdoors.

C4

INSTALLATION

1

For 13 mm single-layer plasterboard: mount using yellow plug (KP yellow).

2

For double-layer plasterboard – no plug required. If screw "goes over", mount using yellow plug (KP yellow) in the created hole.
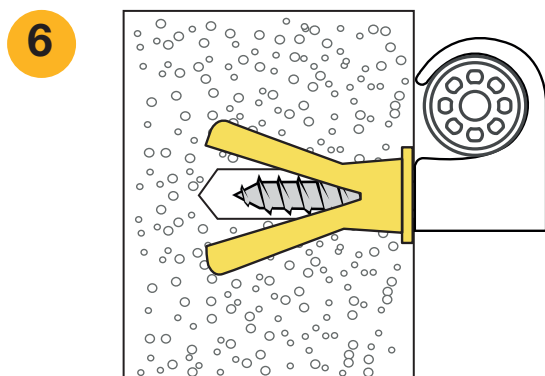

3

For wood, fibreboard and plywood: screw **directly** into material - no plug required.

4

For 13 mm single-layer plasterboard on metal profile – no plug required.

5

For concrete and tile: screw directly into 4 mm hole – no plug required.

6

For aerated concrete: mount using yellow plug (KP yellow). For densities above 600, screw directly into material.
